

# UNIVERSITY OF WESTERN AUSTRALIA

## MINING LAW 2021

Wednesday, October 27 –  
Friday, October 29, 2021

### About the short course

*The three day workshop will be held face to face at University of Western Australia Law School.*

This workshop will provide an intensive course of study on Mining Law in Western Australia. It is designed to be a comprehensive review for lawyers, for professionals and business people, non-government organisations and government administrators working in or with Mining Law.

It will comprise six sessions covering the range of topics indicated in the program. There will be a session each morning and afternoon generally comprising a seminar followed by a tutorial discussion of a problem raising the issues of law presented. Lecturers and tutors will be drawn from experts in mining law from: the Centre of Mining, Energy & Natural Resources Law and the Energy and Resources Law Association (formerly AMPLA), which is largely composed of members with a special interest and expertise in mining law.

**Sessions are: 8:30am to 12:30pm and 1:30 to 5:00pm**

Price includes all sessions and workshop materials. Lunch is not included. The workshop has always been popular in the past and fully enrolled, so please register early to secure your place.

Presented by  
**The Centre for Mining,  
Energy and Natural  
Resources Law of the  
Law School, University  
of Western Australia**

**In association  
with the Energy and  
Resources Law Association
